e | -- 0 0 ----- |
 B | ----- 4 4 2 2 0 ---- |
 G | ----- |
 D | ----- |
 A | ----- |
 E | ----- |

Why two versions? Version 1 stays on one string -- great for understanding how fret numbers relate to pitch. Version 2 spreads across two strings -- great for building the feel of moving between strings. Both sound the same.

How to read this: 0 = open string. Number = fret that string. Play one note at a time, left to right.
